Out on The Twig

Mark Busscher/Eric Traylor Romp Wire to Wire in San Antonio, TX!

Mark Busscher led all seniors in qualifying Saturday and Eric Traylor led all the guests. They started Sunday with a 131 pin lead and quickly increased it to almost 300 pins. No one ever got close as they romped to victory with big game after big game! Great performance Mark and Eric. It was Mark's 5th SASBA title. Wyatt Moore and Matt Cabanski bowled well enough to win most tournaments and finished second. Randy Summers and C. J. Thomas got 3rd. Pete Thomas and

Sean Lavery-Spahr were 4th and Jeff Janssen and Rick Justice rounded out the top five.

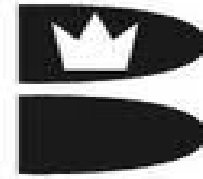

Thanks to Astro Super Bowl for hosting. The shot was fair, though carry was tricky for most. They have one of the best snack bars we visit on our tour.

300s were bowled by Traylor, Joe Brock, Danny Adkins, Jason Ebalanza, Brian Lohse and James Hobson. Mike Sands bowled in his first tournament and finished in

6th place.

After the Champ/Non-Champ tournament in Fort Worth, we have Gary Pfeil Memorial Tournament at Westcreek in Fort Worth on April 18-19. There is over \$3000 added money in this tournament.

The following week, we're at Emerald Bowl in Houston for a regular singles event. Robert Lawrence is the defending champion.

Jim's Notes

There was a SW sighting! Lisa made it, in spite of a horrible start Saturday! Ed Richardson still throws it great! We had two new bowlers at Astro. One made the finals.

Jim's Notes: We all know that successful bowling is about repeating shots. Not just the release, but ball speed, follow-through, etc. An often overlooked culprit is variances in your foot speed. It can affect your balance as well, but just the added ball speed generated can cause a bad shot. Some bowlers have a tendency to start dead still, then bolt into action as they go to the line.

This is impossible to repeat. You should figure out a starting "trigger" that gets you moving at the same pace every time. It's easier to repeat a gradual increase in foot speed than an approach that goes from dead stop to full speed.
