

# SASBA

## Out on The Twig

### Rick Lawrence/Nathan van Putten win M/G Doubles in Beaumont!

Rick Lawrence and Nathan Van Putten qualified 4<sup>th</sup>, then flirted with the lead throughout the finals and entered the title match in 2<sup>nd</sup>, just 14 pins out of first. Jim Stephens and Chad Newman were the leaders and Pete Thomas and Mark Estes were only 20 pins behind in 3<sup>rd</sup>. Jim and Chad started Greek Church, Greek Church, then ran off a five bagger. Rick and Nathan had an early open, then a double. Pete and Mark were struggling...losing to Mark Williams and David Anthony, who were in 4<sup>th</sup>. Jim/Chad had another open and Rick/Nathan were able to

stay clean the rest of the way to win the match...and the title 192-187. Mark/David got 3<sup>rd</sup> and Merv Parrish/John Chovanec got 5<sup>th</sup> place. It was Rick's 2<sup>nd</sup> SASBA title.

Thanks to Mark Williams and staff for being gracious hosts.

Our next tournament is this weekend in Waco at AMF Lake Aire Lanes. It will be a regular singles. The last weekend in January we have a SS/Guest doubles at Brunswick Westcreek in Fort Worth. The 2<sup>nd</sup> weekend in February will be the 1<sup>st</sup> Annual Gary Pfeil Memorial

Doubles. It will be the recruiter doubles format. Your partner has to be 45 and if over 50, can never have bowled a SASBA as a 50 yr. old.

John Chovanec had the only 300. Overall, the scoring was low...with -3 making the finals. The teams who displayed the most patience did better. It was easy to shoot a bad game, so if you panicked or made a bad decision on ball choice or strategy, you could get into a hole too deep to get out of.

Doug Barron

General Counsel:

Marshall Medlin

#### Jim's Notes

Sam Magill stuck around this time and made it. Jerry Beavers (71) and Andy Patterson (20) were the team farthest apart in age. They made it too. Mike beat Butch. Thanks to everyone for the birthday cake and well wishes Sunday. I can't think of a better way to spend my birthday!

#### Jims Tip:

The ball companies don't make a lot of reactive solid covers with weaker cores any more. If you don't have one of these, you might want to consider carrying a urethane ball. When a controlled breakpoint is needed, it's stronger than plastic, yet predictable enough to let you play the track on drying heads and midlanes.

#### Friday Sweeper Results
